What's it all about

As a Building Surveyor, you will be pivotal in improving the quality of our homes and ensuring they are properly maintained. Your main function will be to support your nominated team and area to deliver all aspects of major and reactive works to customer in their homes. You will deliver surveys, technical specifications and recommendations using your experience to deliver best value and excellent homes for NHG.

You will work closely and collaboratively with colleagues and stakeholders across NHG and externally to drive improvements and offer a first-class service to our customers.

How you'll make a difference

- Ensuring you are providing a consistently high-quality surveying service that delivers against the six customer priorities in the customer strategy.
- A visible NHG presence, making sure all visits and inspections are completed on time
- Delivering well cared for homes and places where residents feel safe and a sense of pride through top class contract management.
- A responsive service, where staff and resident queries and complaints are actioned thoroughly, timely and learnings are taken from feedback
- Recommend, oversee and manage the best external suppliers, agents and contractors to maintain and improve our homes.

How you'll do it

Operational

- Establish and maintain a culture of service improvement, supporting colleagues to deliver change projects to meet developing and evolving customer needs
- Effectively promote collaborative approaches to engage teams to work successfully to deliver the objectives of the Better Together strategy.
- Represent NHG externally; develop and maintain NHG's reputation as appropriate and

build effective relationships with relevant stakeholders.

- Take responsibility for your own development, ensuring any gaps are identified and a learning plan put in place..
- Manage programmes of work and problem solve to deliver a high quality service, on time and to agreed budget.
- Conduct full building surveys and prepare reports and recommendations to the set standard, including cost analysis.
- Project manage complex works within all aspects of major and reactive works to support your colleagues and develop a good understanding of the profile of properties within your patch, inc commercial and development stock.
- Oversee responsive repair works to enable successful delivery.
- Project manage complex and difficult cases to minimise cases of disrepair, working closely with the Local Officer to ensure residents are updated every step of the way.
- Carry out post inspections to assure completed works were carried out as necessary and to the required standard.
- Ensure the contractors working on your projects provide value for money against your local budget.
- Investigate cases on behalf of colleagues in your patch, ensuring these are attended within SLA and that clear reports are provided outlining recommendations to either resolve or deliver service improvements, and ensure that all parties are kept up to date.
- Assist in assessing work needed for repairs covered by insurance and/or following serious flood, fire or other serious incidents referred to you by the client, including project management of any works required.
